She and her team offer auto, homeowners, health, bank product, and financial service insurance. Their competitive prices and professionalism keeps clients coming back again and again. "We are a relationship-based insurance agency," said Dina. "You could buy your insurance anywhere but we get to know the customers, we show the value of having State Farm as your insurance agency."

Dina's goal is to be able to provide her clients with the insurance products they need while building long lasting relationships in the community. She has lived in Orange County all her life and has worked in Walden for 25 years. "In a small community clients can just step off the street and come into the office," said Dina. "People still want to be able to come in to the office and talk to the agent and their team. You don't get that from bigger communities or 1-800 insurance agencies."

"Good old fashioned service"

Quality Service Center has been located in Montgomery since 1982. Bob Reynolds Sr. and his employees work diligently to provide the best service for your auto and truck needs for more than 30 years. According to one Quality Service Center customer, "They have the best technicians under one roof!" In fact, Quality Service sent out a survey to gather additional feedback from their customers. They received glowing reviews from customers saying that they were pleased with the "extraordinary service," "knowledgeable technicians," and "the integrity of the staff" among many other things. Manager Bob Reynolds Sr. invites current as well as prospective customers to stop by for a visit and read through the positive feedback that is prominently displayed in a large binder sitting on the front counter. He is very thankful for all of his customers and everyone who took the time to participate in the survey.

Quality Service Center offers a wide array of services for vehicles including basic oil changes, vehicle maintenance inspection, fuel and air induction cleanup, power steering service, transmission service, A/C maintenance, brake fluid service, tires and alignments and 4x4 driveline service. In addition to the services offered in Montgomery, Quality Auto Body also prides themselves on their Collision Repair Shop which has been located in Vails Gate since 1942. They are proud to be celebrating over 70 years in service. "Working here," said Reynolds Sr., "we all get satisfaction from helping people, solving problems and fixing cars safely and correctly."

This family-owned automotive shop also plays a vital part in the local community. "We love the community here," said Reynolds. Quality Service Center sponsors Little League teams in Montgomery and Maybrook, promotes Valley Central's All-Night Grad party, Mock DWI Assembly, supports the high school's musical and many other school programs. They also support the local fire departments. In fact, Reynolds himself and tech, Brad Kaufmann, have given their time to the community through his service as a volunteer firefighter in Montgomery. He and Brad Kaufmann are both past Montgomery Fire Department Chiefs.

Quality Service Center prides themselves on their dedicated service. "Quality is never an accident; it is always the result of high intention, sincere effort, and skillful execution. It represents the wise choice of many alternatives." -Will A. Foster.
